ABOUT US

ProMEP Qontrac Pvt. Ltd. is a trusted name in the industry with an aim to serve the prospective clients who are looking suitable guidance & best execution of works for their Projects either Green-field or brownfield with a strong focus on safety, efficiency, and service satisfaction. We take pride in being a partner of choice for comprehensive **MEPF (Mechanical-Electrical-Plumbing-Fire Fighting) solutions**, ensuring excellence at every stage of the project lifecycle.

We represent ourselves as an **EPC(Engineering-Procurement Construction) contracting company** providing a single window solution for development and seamless execution of all types of MEPF Engineering Services required for establishment of Industries, warehouses, Hotels, Hospitals, Airports, Commercial buildings etc.

As, we are committed to delivering innovative and reliable solutions tailored to meet diverse project requirements. We closely interact with our clients to first understand their organizational culture, specific needs and expectations to finally focus all our efforts and attention to provide need specific and timely services up to the client's satisfaction.

Our experienced team ensures to plan, design, supply, execute, monitor & commissioning of all required services within the timelines to achieve the set milestones or targets adhering to the highest standards of quality and compliance.

Our Certificate

ABOUT US

Mission

Our mission is to engineer a sustainable future by leveraging technology and innovation, creating solutions that empower progress, reduce environmental impact, and foster a harmonious balance between development and nature.

Goals

Our goals focus on adding value through cost-effective engineering solutions and delivering excellence in services. We are committed to meeting project requirements within the stipulated time frame, ensuring customer satisfaction and quality.

Why Choose Us

ProMEP Qontrac Pvt. Ltd. delivers exceptional MEPF solutions with a focus on safety, efficiency, and client satisfaction across all projects.

Vision

Our vision is to lead the EPC industry with a proven track record of timely project completion. We aim to build a brand known for trust, reliability, and innovation across all domains.

Values

Our values emphasize a positive approach, fueled by persistent hard work, and a commitment to performance excellence. We strive for continuous improvement, fostering a culture of dedication, integrity, and accountability.

ELECTRICAL SERVICES

ProMEP Qontrac Pvt. Ltd. has extensive experience in executing a wide range of projects with a strong commitment to quality, safety, and innovation. ProMEP Qontrac Pvt. Ltd. ensures reliable and efficient electrical solutions for diverse industries including Automobile Manufacturing, Pharmaceuticals, Chemicals, Food Processing, Steel and Ceramic Industries, Warehouses, Airports, Stadiums, Railways, IT Parks, Commercial High-Rise Towers, Corporate Offices, Banks, Multiplexes, Hospitals etc.

Electrical Services includes complete solutions of

- Power distribution systems
- Medium to high voltage power networks
- HV/MV/LV switchgear, package substations, Transformers & RMUs
- LT panels, MCCB Panels, PCC panels & Distribution Panels, External lighting Panels.
- Generators, Synchronizing Panels, ATS/MTS, AMF Panels.
- UPS & Central Battery Systems.
- Earth Networks and lightning protection
- Street lighting, Facade lighting & decorative lighting with Illumination Customization.

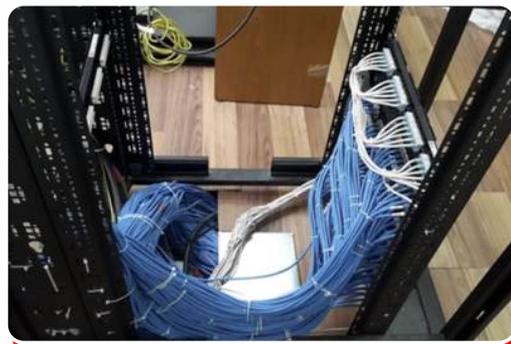

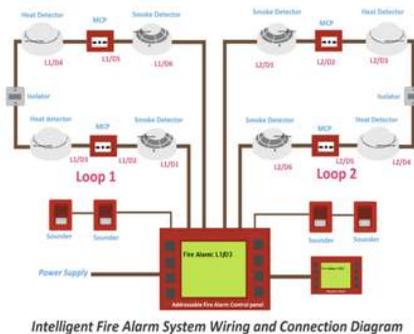

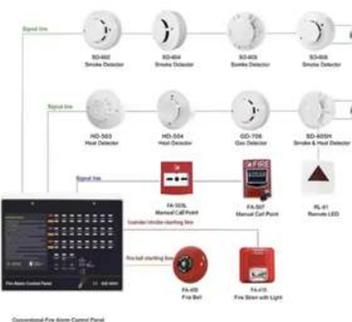

ProMEP Qontrac Pvt. Ltd. has vast experience in delivering **Extra-Low Voltage (ELV) system** solutions across diverse industries.

The Extra-Low Voltage (ELV) system is also known as Low Current System is a discipline of the Electrical Engineering systems that operate and function using low current signals with extra-low voltage. Low Current System infrastructure is a central part of any new building construction from Industry, warehouse, residential, hotel, commercial complexes, or smart-university campuses.

With a focus on innovation, reliability, and safety, we provide advanced Low Current Systems tailored to meet the unique demands of each project.

Extra-Low Voltage Services Includes Complete Solutions of

- Fire Alarm System
- CCTV Surveillance Systems
- Access Control Systems
- Audio / Video Solutions
- Public Address Systems
- Wi-Fi Systems
- Wireless Network Point Installations
- Network and Communication Systems
- Entrance & Traffic Control Systems
- Home Automation Systems
- Building Management Systems

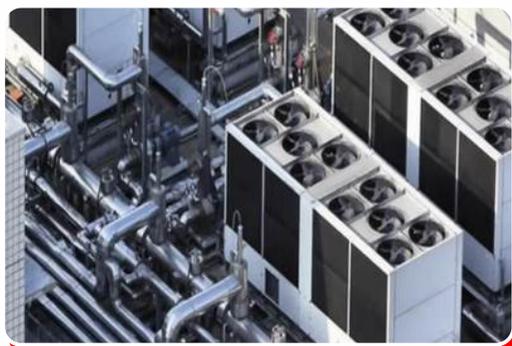

ProMEP Qontrac Pvt. Ltd. has extensive experience in delivering high-quality **Mechanical Services** across a wide range of industries.

Under HVAC services, our company & scope typically includes the design, installation, maintenance, and repair of heating, ventilation, and air conditioning (HVAC) systems in both residential and commercial properties, encompassing tasks like site assessments, equipment selection, system installation, troubleshooting, preventative maintenance, and emergency repairs, often specializing in either residential or commercial projects depending on their focus area.

With a strong focus on efficiency, safety, and innovation, we provide reliable and customized mechanical solutions for every project.

Mechanical Services Includes Complete Solutions of

- Chillers, AHUs, FCUs, Kitchen Hoods & Fresh Air Ducts
- Split & Package Units
- Central Heating & Hot Water Systems
- Refrigeration Systems
- Ventilation & Pressurization
- Air Treatment Solutions
- Control systems that measure and control temperature, humidity, and pressure

ProMEP Qontrac Pvt. Ltd. is engaged in offering a wide assortment of **Plumbing Projects** for Industries, Commercial buildings, High-rise buildings, Hotels, Corporate offices etc.

Our services are widely appreciable by our clients for highlighting features like customer centric approach, high flexibility, reliability and timely execution. These services are rendered according to the specifications provided by the Clients.

Plumbing Services Includes Complete Solutions of

- Piping Works – CPVC, PPR, HDPE, DWC, PVC, CI, complete with their fittings etc.
- Plumbing & Sanitary Works – Toilets, Restrooms, Bathrooms etc.
- Hydro Pneumatic Pump Systems
- Water storage Tanks – SMC Tanks, GI sheet Circular Tanks, Plastic Tanks etc.
- Water Treatment Plants – Water Filtration Plant, R.O Plant, STP Plants etc.

ProMEP Qontrac Pvt. Ltd. has extensive experience in providing top-tier **Fire Fighting solutions** across various industries.

We at ProMEP, offer a diverse array of **Fire detection and Prevention systems** meticulously crafted to ensure the protection of both individuals and assets. Our comprehensive solutions encompass best quality for Fire Fighting system which are not only user friendly but also can be seamlessly integrated with monitoring and control devices.

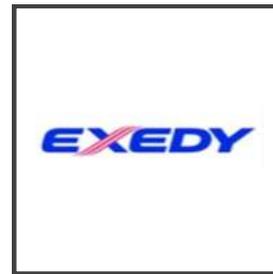

Fire-Fighting Services Includes Complete Solutions of

- Wet Riser, Dry Riser Systems using Seamless / Welded / Black / Galvanized Pipes
- Threaded / Grooved Fittings, Pipe Supports, and Hangers
- Fire Fighting Pumps – Diesel Pump, Main Pump, Sprinkler Pump, Terrace Booster Pump
- Fire Hydrants, Hose Reels, Nozzles, Hose Reel Cabinets
- Fire Sprinklers with Upright, Sidewise Sprinklers
